Cid-A-L™ II

Quaternary Detergent Disinfectant

Dilution requirements of only one ounce per gallon of water makes Cid-A-L™ II your easiest, most economical means of protecting your residents from bath-borne bacteria, fungi and viruses. EPA approved specifically for hospitals, nursing homes and clinics for disinfecting hard, non-porous surfaces. Use it on floors, walls, counter tops, furniture, showers, baths and whirlpool tubs. Cid-A-L™ II delivers exceptional micro-biocidal effectiveness -- even in hard water. Help protect your residents, staff and all who enter your facility by using Cid-A-L™ II from Apollo.

Benefits

- EPA approved specifically as a hospital and nursing home disinfectant with fast cidal action
- Economical: requires only one ounce per gallon of water
- Phosphate free formula
- Provides both general cleaning and disinfecting
